

## THE KOSALA SCHOOL

### Academic Achievement

It is always the expectation of the parents that their children should be academically excellent, the school should be up to the height of their satisfaction. That should be also. For actualizing all these expectations, the school is rigorously striving to educate the taught accordingly.

As per the free and compulsory education up to the age group of 14 , all should be promoted to the next higher classes ,but we believe in updating the children through teaching and learning process , teachers concerns exhibit their spirit in educating the children of both hostel as ours is a residential school and also the day scholar students. Besides, the normal teaching takes place in the classrooms, we arrange the micro teaching to the small group of students in an informal setting. This is all possible by the appropriate effort through the continuous effort of teaching in an out of the classrooms. We are technically savvy. We achieved 100% result of Class 10 in AISSE 2022-23. The details of the result is as under :-

All out effort has been made by the school in the field of environment, education, sports innovations, PTA activities and the capacity building for the teachers to ensure a quality and improved educative ambience. Both the teacher and the students of the school prioritize a homely environment with lush green patches of trees in the campus by observing Vanomasotsav Week here every year.

When education is a point of discussion, we feel it prudent to brief it because we are a Residential school where in every activities one finds the life skills taught to the young minds round the clock . Apart from the chalk and talk programme in the class room, children are facilitated to attend the regular moral classes ,prayers ,Lab activities ,idea sharing and suggesting, preparing wall magazines and monthly lectures of outside experts invited by the school. Learning Drawing and music is here a regular feature.

Every year ,we conduct talent hunt program to get the creams out of bran and the students also take part in science exhibition to demonstrate their innovation through different projects ,be it science or social science . Thousands of local people, parents, teachers from local schools and other outsiders throng to the venue.

Here in the Kosala school, sports and games are always accepted as special passion for both the students and teachers. Kho-Kho, Kabadi, Volley Ball, Basket Ball, TeniCoat, Table Tennis, Chess, and Cricket are regularly played expect when the examination is round the corner.

This is a write -up given in a nutshell, if elaborated the activities of a residential school ours can be a volume .
